

As a convenience to our iFly customers, we are happy to offer the Update-by-Mail Program. This program may only be used to update customers who either currently have a valid Data Subscription, or have purchased a One-Time-Update license within the prior 20 days. If you have any questions about your remaining subscription, or about this update procedure, please login at www.iFlyGPS.com, or call 888-200-5129.

Update-by-Mail Instructions

1. Complete the below form
2. Remove your SD or MicroSD from your iFly GPS and attach it to this form (See Care Removal Instructions if needed)
3. **Do not mail the card in a regular envelope. Use a card-stock envelope or a bubble envelope. The SD card will likely be ripped out of a normal envelope going through postal service machines**
4. Upon receipt and verification of your data card, we will update and return to the below address.

Name: _____	Phone #: _____
Email: _____	
Address: _____	
City/St/Zip: _____	
Subscription type (Circle one)	VFR IFR None

Mail your existing SD card to:**Adventure Pilot
Update-by-Mail Program
610 Elm Street, Suite 120
McKinney, TX 75069****Card Removal Instructions**

1. Make sure the iFly GPS is not connected to power.
2. Turn the iFly over on its' backside. Look for the SD MMC or MicroSD port; you will see a small card pushed into this port of your unit.
3. Gently push the SD or MicroSD card in and release to eject the original SD Card.

Notes: Updates are only valid for the SD card removed from your unit. Adventure Pilot is not responsible for SD cards lost or damaged in transit from the customer to Adventure Pilot. Adventure Pilot is not responsible for lost media files such as MP3's, Video's or other user added files. Customers are responsible for mailing costs of their SD or MicroSD cards to Adventure Pilot. This program is only available and is coordinated through Adventure Pilot. Dealers and resellers of the iFly GPS are unable to process customer requests relating to this program.
